Multiple locations can be covered during the day so if you have somewhere nearby in mind we'll go with you for some beautiful and romantic photos.

This package will typically produce around 250+ great photos of the day and so that you don't need to worry about which photos to choose, ALL of the processed photos are yours on a royalty free CD. Also included in the price is an A3 or 12"x12" PhotoBook with your choice of 75 images.

This amount and quality of photos really suits the Italian style art photo album and I would recommend upgrading to the beautifully finished albums for an additional £250 or choose a package with an album with smaller parent & guest books. If you choose the Art Album we will also provide you with a hardback proof book containing all of your photos.
